SUPPLEMENTAL EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not).

Misnumbered claims beginning with second occurrence of claim 24 at page 7 of the claims through claim 39 have been renumbered as claims 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40 and 41.

The following is reiterated below for Applicants' convenience as it appeared in the initial Examiner's Amendment which remains of record with the exception that the canceled non-elected claims are claims 15-20 and 33-41 because these non-elected claims have been renumbered as noted above: In the title

Changed the title to – METHOD FOR USING HOPS ACID FOR CONTROLLING MICROORGANISMS IN A SUGAR-CONTAINING AQUEOUS PROCESS MEDIUM -- .

Authorization for this examiner's amendment was given in a telephone interview with Mr. Gresens on *March* 4, 2005.

The application has been amended as follows:

In the abstract

Line 4, after "substance" deleted "wherein" and inserted --. The-- ;

Line 5, after "medium" deleted "wherein the" and inserted --. The-- .

In the claims

Canceled non-elected claims 15-20 and 33-41. Note that claim 33 is a non-elected claim because it is dependent upon claim 15 (part of Group II) and not a part of the elected invention of Group I. Applicants maintain their right to file one or more divisional applications to the non-elected invention(s).
